

Cirque Artikuss Straßenshow

A clown street show with a lot of pepper and turbulent slapstick!

Both the street performers Oskar and Stronzo change the pavement into a famous variete, the crowd into a wild witches' cauldron, and themselves into two clowns who enchant the world.

When Oskar takes a tour with his unicycle or Stronzo juggles while flying, or when they both try to capture the power of fire, no eye will stay dry. The charm of the clowns, their feeling for timing, interaction, the magic of the moment, makes their performance into an unforgettable experience.

Unicyclists, partner acrobatic and fire juggling are the pillars of their show, but the real secret of their magic lies in their comical body language, emotional- tragic moments, and in a high class dramaturgy in the art of failure...

the ultimate show for the stage, or the street, for children and adults

Duration/length: 20- 30 Minutes, 2 players/actors/clowns
